

# THOR'S RESERVE CHERRY-BRETT TRIPEL

**Next in line in the Thor's Reserve Series, we brew a classic Tripel ale, ferment with wild Brettanomyces yeast, and blend in some of the finest, freshest cherries harvested.**

**This surprisingly light ale is not short on complexity. Slightly sweet, slightly tart, and slightly sour, this Tripel is worthy to be our 3rd installment in the reserve series.**

**10.5% ABV, 20 IBU's**

**Available in 22oz. bottles  
while supplies last**
